## **Independent Accountant's Review Report**

The President of GNA Axles Inc, Michigan,

I have reviewed the accompanying financial statements of GNA Axles Inc, Michigan, which comprises of the balance sheet as of March 31, 2026 and the related statement of income. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management and local resident agent. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the US generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

My responsibility is to conduct the review engagement in accordance with the Statements on Standards for Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain material modifications that should be made to the financial statements for them to be in accordance with U.S. generally accepted accounting principles. I believe that the results of my procedures provide a reasonable basis for my conclusion.
